The assembly is required to take some action - this may include disposing of the proposal. Any proposal of change that is pushed through for voting needs to be substantiated with a document including the desired change, the reasoning behind it, potential impact, historical context, and analysis to determine the benefit of the proposed solution. This document is to be created by the initiator(s) - possibly backed by the work of a composed committee.

The HOC should launch the registration process of the event, after the full packages of the previous E.R.I.C. Meeting have sold out, or up to 4 months before the start of the event.

These registrations for a future event must open at least 2 months prior to the event start date.

Online sales and the use of the booking tool

The HOC must provide a payment method that is suitable for all the E.R.I.C. Members.

HOC teams must present the insurances and their coverage in the bidding documentation and event budget.

The E.R.I.C. explicitly declines any responsibility and reimbursement claims regarding the entire event. All profits and losses are responsibility of the HOC.

A chosen HOC will enter into a contractual agreement with the legal entity Rotaract Europe ASBL to ensure proper compliance to the requirements on insurance, finances and E.R.I.C. fees when organizing an official European meeting.

The organization of an official European meeting is therefore required to represent itself by an incorporation. This may be an existing (District- or Club-) or new one.¹⁷

4.2- Communication

The Rotaract and E.R.I.C. logos have to be featured near the host organization logo on all materials of the event, including website/websites, promotional material and conference materials. The HOC is encouraged to locate an information desk in the hotel lobby in order to assist the participants. Updates have to be given at the request of the E.R.I.C. Executive Board at any time during the preparation period (e.g. in CRs Skype calls).

A vote is held at the event one (1) year prior to the proposed candidature, allowing a future HOC to prepare. In the case no one is applying to host the event at the event one year prior, the board can chose to create a new call for applicants, resulting in either a extraordinary general assembly, or an addition to the voting topics of a suiting future general assembly (such as an incoming REM or EUCO).

Date determination

After being elected the HOC has to confirm to the E.R.I.C. Executive Board the exact date and time that registrations for the EuCo or REM will open at least 2 weeks before the opening date of registration.

28.90. Code of Ethics

1. Directors will adhere to applicable laws and regulations in the conduct of Rotary business as well as in their personal lives. As a corporate business entity, Rotary International is subject to the laws of the various jurisdictions in which it conducts business. The Board should adhere to applicable law in order to protect the assets and mission of the association. In addition, in conducting their private lives, directors should adhere to applicable law in order to preserve and protect the positive image of Rotary.
2. Directors will adhere to the provisions of RI's constitutional documents. Board members have a legal obligation to follow the provisions of RI's constitutional documents. Moreover, these documents embody the democratic will of Rotary's membership as represented at the triennial Council on Legislation. Through these documents the membership has established standards expected of the Board. Adherence to their terms garners the trust of the membership and assures that actions are taken consistent with members' expectations.
3. Directors will adhere to the provisions of the policies established by the Board as documented in the Rotary Code of Policies. Over the years, the Board has established policies and procedures, documented in the Rotary Code of Policies, to further the aims of the association as well as to protect its mission. Many of these provisions are designed to assure good governance and promote an ethical image. Adhering to these policies demonstrates a commitment to these ideals while protecting the association.
4. Directors will serve for the benefit of Rotarians and the purposes of RI and will act independently of any inappropriate influence in the best interests of Rotarians and RI. Directors will follow the requirements of the Board's Policy on Conflicts of Interest. Directors have a duty of loyalty to RI. They should put the interests of the association first. The Board has adopted a Conflicts of Interest Policy that is designed to preclude even the appearance of any impropriety as to Board action. For this reason, Directors must refrain from accepting any offers, gifts, or favors in exchange for influencing or taking a position on an item coming before the Board. This assures continued confidence by Rotarians in their Board.
5. Directors will not utilize their office for personal prestige and/or benefit. With the authority inherent in an office of importance comes access to special privileges not available to other Rotarians. Taking advantage of such privilege distracts from critical responsibilities and calls into question the commitment to the Objects of Rotary.
6. Directors will exercise due care in the diligent performance of their obligations to the association. By law, directors have a duty of care to the association. Directors should perform their responsibilities with such care, including reasonable inquiry, as ordinarily prudent persons in like positions would use under similar circumstances. Directors should inform themselves, prior to making a business decision, of all material information reasonably available to them.
7. Directors will take actions based on an essential fairness to all concerned. Directors are often faced with decisions that will significantly impact various Rotarian groups and individuals. So as to maintain the confidence of Rotarians that the Board acts fairly and in the best interests of the association, Directors, in a manner consistent with the 4-Way Test, should weigh the potential impact of their decisions and treat equally all persons who will be affected.
8. Directors will promote transparency of important financial information. Directors are the stewards of the association acting on behalf of Rotary clubs and Rotarians. Rotarians have a right to access accurate information regarding the financial condition of the association. Transparency in financial operations encourages ethical behavior.
9. Directors will prohibit and restrict the disclosure, communication, and utilization of confidential and proprietary information. In fulfilling their responsibilities as members of the Board, directors necessarily have access to confidential and proprietary information. As part of their duty of loyalty, directors should utilize this information only for intended purposes, never for personal ones, and take precautions against accidental disclosure.
10. Directors will comply with expense reimbursement policies. The Board has adopted a policy on the procedures for reimbursement of Rotary related expenditures. Following these procedures ensures compliance with applicable laws and precludes the appearance of impropriety.
11. Directors will interact with RI and TRF staff in a professional and respectful manner and shall understand and abide by Rotary International's non-harassment policy. Directors come into regular contact with RI and TRF staff. Maintaining a professional and harassment free work environment is essential for staff to successfully perform their responsibilities in providing service to Rotarians. Moreover, harassment in the workplace can put the assets of the organization at risk. The general secretary has developed

a policy for prevention of harassment in the workplace. What constitutes acceptable interaction may vary among the different cultures represented on the Board and in the Secretariat. The harassment policy provides guidance on what is proper interaction with staff. Board members should be familiar with and adhere to the policy so as to avoid even unintentional improper interaction.

12. Directors will adhere to this Code of Ethics, encourage other board members to do so as well and report any suspected or potential violations to the general secretary or the President. The efficacy of this Code of Ethics is dependent on compliance of the Board. By self-monitoring and encouraging other Board members to comply with the Policy, the Board can assure that the goals of the Policy will be accomplished.
