# Rebuilding in two steps

**First step - to give people a temporary shelter prior to cold season**

**Second step - complete reconstruction of the destroyed Moshchun**

# First step – Modular Houses

## 1. Temporary housing - about 300 of modular houses:

- Cost of one modular house - \$10'000 USD
- Cost of appliances and furniture to be installed in it (fridge, wash machine, etc) – up to \$ 12'500 USD

## 2. Basic principles:

- No complicated design, innovative materials or sophisticated logistics
- Use of local materials
- «Ready to use "solutions
- Modular house is given for free of charge usage until the restoration of permanent housing

# Second step – Full Rebuilding

## 1. Concept:

- in partnership with leading world-famous architects we make the territory of Moshchun symbol of the future

## 2. Basic principles:

- Design solutions
- Innovative materials
- Long-term and ergonomic solutions

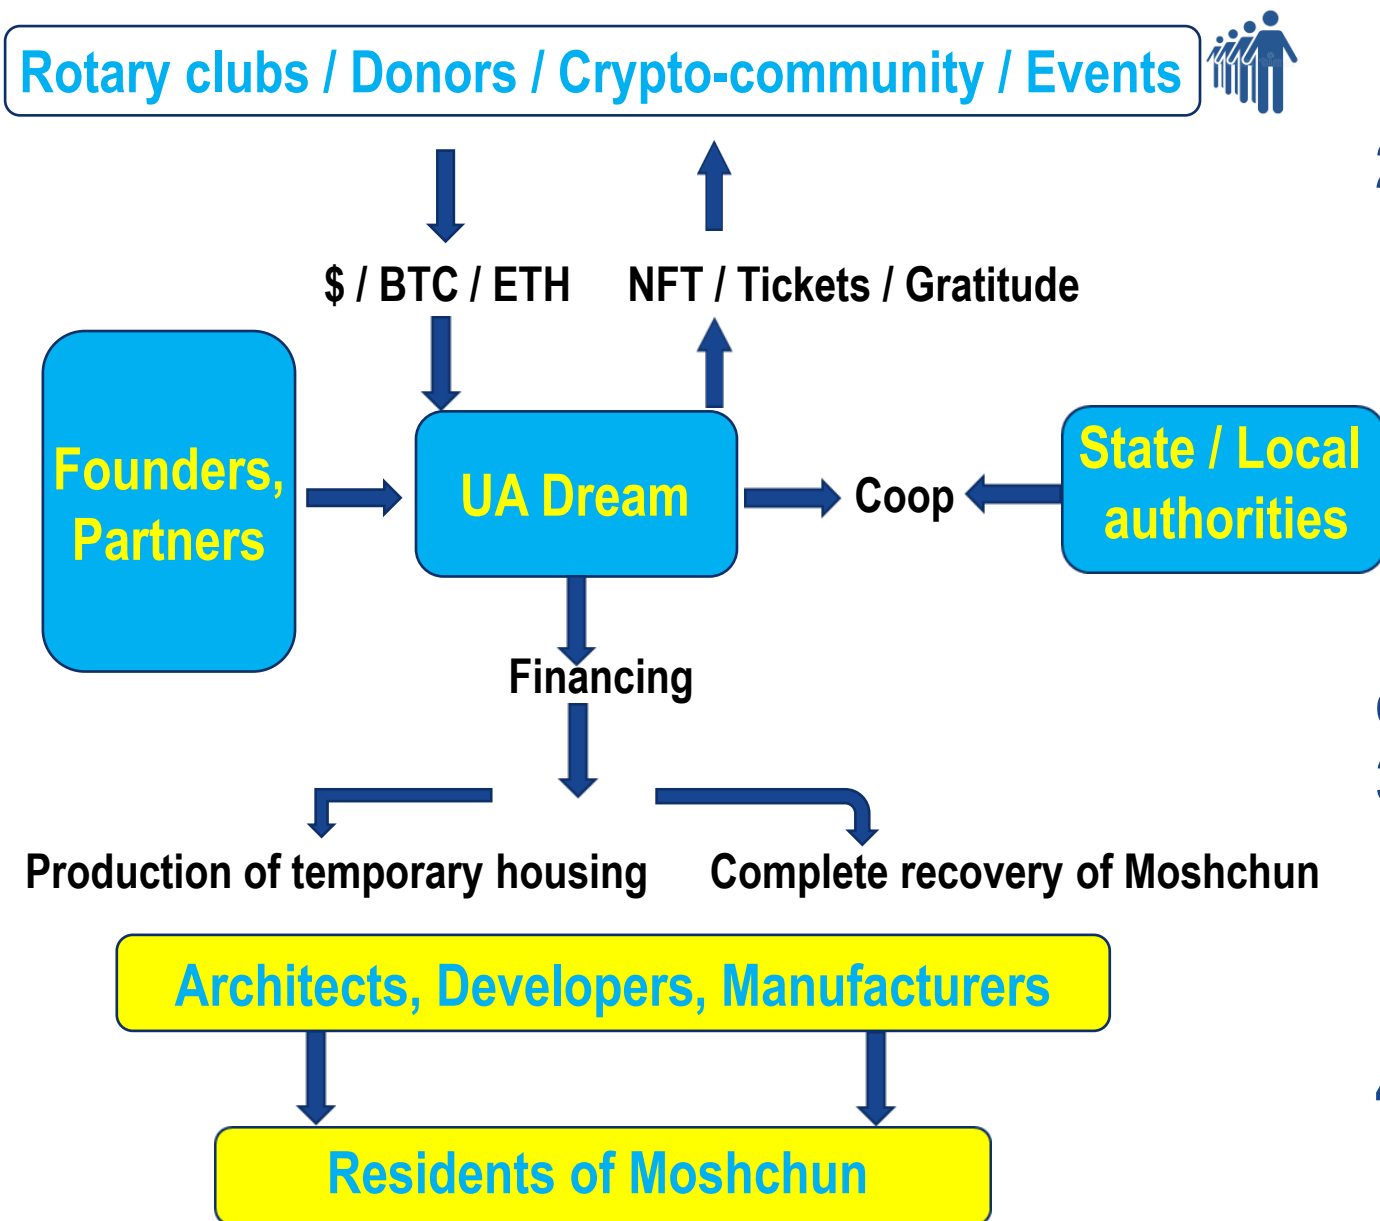

# Current situation

- Three modular houses already installed in Moshchun
- Ten modular houses are in production
- Production capacity: 150 houses per month
- First target - to install 300 modular houses in Moshchun before cold season
